

Technical data GRILAMID

| Polymer: PA 12 |
|---|
| ISO designation: |
| Productgroup: PA |
| Brief description of the product family: Grilamid has a number of exceptional properties such as very low water absorption and very good dimensional stability, very good chemical and weather resistance, very good hydrolysis resistance, lowest density among all polyamides, high impact strength down to – 40°C, trouble-free processing, wide processing window. |
